

The Crescent Community Club needs your help!

We are proud to sponsor the Gilchrist School Backpack Food program. This program supplies supplemental nutrition for youth who need extra assistance on long weekends and holiday breaks during the school year. We are asking for food or monetary donations for this program. Please note: food items must be single serve, individually wrapped, and non-perishable. Walker Range is our partner and will serve as a drop-off point for any donations. On behalf of the CCC, THANK YOU!

Listed below are the some of the items that have been sent home with the kids. These are single serve items that can be prepared with minimal adult supervision.
